**SUBJECT:** Contract with eLuma for School Psychologists

---

The Special Education Department has maintained an unfilled position for a school psychologist for the past 3 school years. School psychologists play a vital role in special education eligibility, targeted interventions, and student support. We went to bid to staff a school psychologist for the 2024-2025 school year and had two proposals submitted for review. The committee would like to award the contract to eLuma Staffing. Their comprehensive plan, ability to meet our needs, and local access and positive references made them the ideal contract. The implementation was successful last school year and we would seek to continue the contract for the 2025-2026 school year. Total contract budgeted amount is \$194,231.88 for 1.6 FTE; which is an all inclusive, fully burdened cost and comparable to our current psychologists pay plus benefits. Thank you for your support of our special education students.
