**\*New students only\* Why did you choose CCS?**

only choice we had

It was close

because it was a smaller school and had a form of transport that i could use

I'm filling this out to answer every question.

cause my parents choose it cause its the closest cause i got taken out of Pequot.

cause its not to big or small school and its a shorter distanse from home

Does it count to be new if its your first year? if so, its small, so peaceful

its closest to my house

because its a small school

Because my cousins went here and i love this school now

because

decus it wus the closist school to my house.

the nice people

because i did not like my other school.

because we moved and it was close and over the years it got awesome

my mom did because the to school was shorter.

It was the closest and it was a super good school

because i used to home school but I have younger siblings and they were distracting so I came here to learn.

my mom chose i did not choose

it was closest to me

I have been here since pre-k i'm not new!!!!!!!!!!!!!!

there was no other schools to go to

I'm not new>:(

Because They Wanted me to go here
