Section 427 of the General Education

A response to address Section 427 of GEPA is required in this comment box.

Use the space below (limited to 2000 characters) to provide information for GEPA Section 427. Describe the steps you propose to take to ensure equitable access to, and participation in, the project or activity to be conducted with such assistance, by addressing the special needs of students, teachers, and other program beneficiaries in order to overcome barriers to equitable participation, including barriers based on gender, race, color, national origin, disability, and age.

With respect to the requirements of General Education Provisions Act, Section 427 (GEPA), Lake and Peninsula School District (LPSD) will take all steps necessary to ensure equitable access to and participation in the services provided through this project for all teachers and students. LPSD has duly adopted School Board policies and procedures to fully support Equal Employment Opportunity and Affirmative Action principles, practices, and programs. Specifically, School Board Policy 0410 Non Discrimination in District Programs and Activities states, "District programs and activities shall be free from discrimination based on age, gender, race, color, religion, national origin, ethnic group, marital or parental status, physical or mental disability or any other unlawful consideration." Applicants or employees capable of performing the duties of a position or job classification may not be discriminated against because of a physical or mental disability. All students are provided access to a full and appropriate education in the least restrictive environment as well as all support necessary to ensure success. In addition, we require all our partners for this project and all other work associated with LPSD have written policies and procedures to ensure full and equitable access for participants. Assurance that those policies and procedures are in place are a condition of doing business with LPSD. To ensure equitable access for all participants, as required by General Education Provisions Act (GEPA), LPSD will address barriers to participation in five specific ways related to the proposed project. Due to the geographic size of our school district (the size of West Virginia) and the fact that all of our schools are off the road system, an annual SNAP event is co-ordinated to fly students to a common location. The event allows for career exploration, science activities, public speaking opportunities, a venue for displaying leadership (such as the district wide student government), coupled with social activities such as the district-wide prom. LPSD also maintains a tribal contact email list and all communication is distributed to the list. Principals and head teachers also had meetings with the tribal representatives for Title I and Indian Educations. Documentation of those meetings is available if needed.
