

February Board Meeting

As the new Athletic Director for Brackett ISD, I was welcomed with open arms and competitive spirits over the past few weeks. Joining the winter sports already in district play, I've witnessed overtime battles, dominating blowouts and vicious rivalries on the court in just a few weeks. Our girls basketball program brings great size and a skillful half-court offense to the table, while our boys basketball programs brings quickness and speed with their run & gun offense and full court press defense. Even though we did not win every game, Brackett supporters can be proud of the fact that our student-athletes have not let down once or backed down from any competition. We have played with class and poise and that is something I can be proud of as the new Athletic Director. We are still in the hunt for post-season play with a possible district title on the line for the girls' basketball program. The sub-varsity and junior high programs have excelled and show that we have a bright future on the hardwood. With the addition of powerlifting, our student-athletes have taken their talents to the weight room and have not let the iron beat them. We were competitive in the Poteet meet but hope to surpass our marks during the next two meets in the coming weeks and possibly qualify for the regional meet.

In the coming days, the spring sports will be debuting with softball and baseball already practicing. With new coaches in both respective sports, we are looking for great things from both programs and hope the refurbished fields will bring them pride and success. Track, tennis and golf will round out the final spring sports. We will be hosting numerous of events here in Brackett and hope to show our supporters how much hard work and dedication our student-athletes have put in.

I've been blessed with great opportunity to impact the student-athletes of Brackett ISD with the best athletic experience we can provide, but I am not in this alone. It takes a great group of individuals to create a team to teach our student-athletes. I believe I have the best supporting staff of coaches, educators, administrators, and board members in the state. I am humbled and proud to be a Tiger!

...with Tiger Pride

Tyrell McCrea
Athletic Director
