 - Preschool Screenings were held Friday March 3, 2025 and Friday March 28, 2025. We had 17 students screened on those dates. All incoming kindergarten and preschool students for the 2025-2026 school year have been preschool screened.
 - 4.2. Close the Achievement Gap Between Students**
 - MCA Testing is happening this month.
 - Fastbridge has assisted in identifying small groups vs individual testing.
 - 4.3. All Students are College and Career Ready by Graduation**
 - TRIO Information was reviewed. Scholarship page is live on the district website.
 - After discussion of adding a CTE goal and some of the hurdles with deciding a percentage, consensus was the addition to goals of 100% participation of 8th grade students attending the Introduction to Pathways.
 - 4.4. All Students Graduate**
 - Class of 2025 is 11 students all on track to graduate at this time.
 - 4.5. Prepare Students to be Lifelong Learners**
 - After discussion, an additional goal to be added is collecting future plan data from outgoing seniors along with contact information for annual follow to see if there could be a goal created based on what our students are planning to do after graduation and if there is a goal that could come out of this data. Chair Miller suggested this would be a great thing for board members to have conversations with the Seniors at the Senior Brunch annually. Ideas and information to collect were discussed. Plans for this will be discussed at the April regular meeting among the school board members.

- With possible changes to the day schedule next year, additional Character Strong work will be able to be accomplished during advisory for 7-12 graders.
- Principal Fjeld will follow up with TRIO on what type of data they can share with the district that they collect.
