

Collin County Community College District Board of Trustees

1. Campus Facilities and Construction Committee

September 17, 2019

Resource: Jason Parry
Executive Director of Facilities & Construction

DISCUSSION ITEM: Consideration of Approval Granting Easement to ONCOR for Maintenance of Existing Electrical Service Pathway and Delivery of New Electrical Service for the IT Center at the Frisco Campus

DISCUSSION: The existing electrical utility easement has to be re-routed since it is in conflict with the new IT Center building. A portion of the existing easement will be abandoned via final plat at the end of the construction of the new IT Center. A new electrical easement will have to be granted to ONCOR to maintain the existing electrical service at the campus as well as provide new service to the IT Center building. ONCOR is the existing electrical service provider for the Frisco Campus. This electrical easement is a requirement for the maintenance and delivery of electrical pathways for the campus and IT Center building.
