

Special Education Board Report July 2024

On Wednesday July 17th, I conducted 4 interviews. Three were para positions and one was a teaching position. Offers were made to all candidates. One paraprofessional applicant did not accept due needing more money. One para accepted, one para has yet to respond to the offer. The teacher was offered the SDC teacher position in Wilder, and I am waiting to hear back. I am still working on interviews for the remaining positions which are detailed below.
