Re: Bid Results for Door Hardware – Michigan State Police Safety Grant

I would like to discuss the purchase of door hardware (thumb locks for classroom doors) at the next Committee of the Whole meeting on Monday, November 11, 2019. This purchase is an extension of a previously bid and Board awarded item that will be reimbursed to the District via grant money awarded by the Michigan State Police Safety Grant. We are recommending the purchase of this additional hardware from FBH Architectural Security, Inc. in the amount of \$28,634.00. District maintenance personnel will complete the installation/labor of this project at various buildings.

Attached you will find a recommendation memo from Harry Lau, administrator of facilities and operations. Funds for this purchase would be from the General Fund and then reimbursed through the Michigan State Police Safety Grant.
