

Lakeview Junior High School

December '25 Board Report

Goal One – Education

Lakeview continues to engage students in the classroom while promoting opportunities for them to become leaders of their own learning. As we approach our winter MAP testing, students are reflecting on their past performance and setting goals that demonstrate the growth resulting from their hard work. To kick off the week, teachers are giving a presentation during Spartan Hour, sharing strategies to help students put forth their best effort and setting clear expectations for testing.

Our building leadership team has also implemented an incentive for each grade level that meets or exceeds their goals, further motivating students to take ownership of their learning. We are excited to see the continued growth and are proud of both our teachers and students for their dedication and efforts in supporting academic success.

Goal Two – Essentials

Carols, Cookies, and Cocoa was an amazing event, showcasing the incredible talents of choirs from both Lakeview and Prairieview. It was inspiring to see the collaboration between Mrs. Rickert and Ms. Lindsey as they worked to build a larger community and create excitement for students as they transition between schools. Events like this provide wonderful opportunities for students to grow and use their creative outlets to build confidence, both in the classroom and in real-life situations.

It was also so heartwarming to see the overflowing support from our community, celebrating and encouraging our students' talents. We are truly grateful for our fine arts programs, which allow students to develop, shine, and make meaningful connections beyond the classroom.

Goal Three – Environment

As we continue to foster a positive school culture and keep Social Emotional Learning at the forefront of our work, we are excited to share that we will be bringing Rachel's Challenge to Lakeview this January. Thanks to the generous support of Team 66, our students and staff will have the opportunity to participate in this impactful program.

Rachel's Challenge, inspired by the life and legacy of Rachel Joy Scott, encourages students to replace negative behaviors with acts of kindness and compassion. Through powerful storytelling and meaningful, research-based activities, the program helps students build empathy, strengthen peer connections, and understand the ripple effect their actions can create within the school community.

We are confident that this experience will reinforce the values we are committed to building at Lakeview and will further enhance the culture of care, inclusion, and support across our school.

Thank you for all you do to support and help make Lakeview a great place for kids!
