

Superintendent's Report

February 2025

Capital Improvement Projects

The PHS/MMS Roof Replacement and PHS Administrative Renovation projects were released for bid on Wednesday, February 13. Bid submissions will be opened on Wednesday, March 5, at 4:30 p.m.

Additionally, we are seeking a local project coordinator to assist with these projects. The position requires availability for approximately 10–20 hours per week throughout the project's duration.

Budget

On Thursday, February 6, the Petersburg Borough Assembly and Petersburg School Board held a joint work session to review funding scenarios for the coming years. Additionally, the School District Budget Committee met on Tuesday, February 11, to discuss priority areas for potential additions should an increase in funding become available.

As no funding determinations have been made at the state level, the FY26 budget will continue to be developed based on the statutory Base Student Allocation (BSA) rate of \$5,960.

Negotiations

Negotiations with the Petersburg District Support Personnel are underway. An initial meeting was held on Friday, February 14, to establish ground rules and set a schedule for upcoming negotiation sessions.
