

Sheridan School District 48J

ANNUAL STATE OF OUR SCHOOLS 2014 - 2015

BUDGET HISTORY:

Total 2014-2015 budget: \$10,852,420

Total 2013-2014 budget: \$10,657,230

Total 2012-2013 budget: \$10,251,065

SHERIDAN SCHOOL BOARD GOALS

1. Annually, 90% of SSD students in Math and Reading will meet individual growth targets, as measured by the Oregon State Assessments (grades 3-11) and DIBELS/easyCBM assessment system (grades K-2).
2. Annually, all schools in SSD will improve their Achievement rating by 1 level as measured by the State of Oregon Report Card. Once a school has reached a level 4 rating the school will maintain that rating or higher.
3. Annually increase 4 year and 5 year Graduation Rate by 3 percent, as measured by the State of Oregon Achievement Compact.

ACTIONS TO ACHIEVE OUR GOALS

1. Build an outstanding education system
2. Improve student achievement through continuous improvement and assessments
3. Provide an effective educational organization to support student achievement
4. Support a climate of collaboration to support and promote student achievement at all grade-levels

A Message from the Superintendent

We thank the Sheridan community again for passing the school bond last May. It is a privilege to serve in a community that invests in the education of children. The security and technology upgrades are mostly complete. Preliminary work has begun on the other major projects such as the heating system at the high school. We expect it to be a very busy summer as work will commence on the other major bond projects.

We are dedicated to giving your children the best education. This year we have started an attendance initiative and have seen attendance increase about 3% across the district. This is great news as attendance is an indicator of student success.

We are providing interventions for students that are struggling academically and monitoring their progress as their academic skills improve. Our students deserve to graduate with skills that prepare them for success in the modern world and we work every day to provide a great educational experience.

I have been impressed with our students and the support of our community for the school district. I want to encourage you to become even more involved with your schools. One of the best ways to be involved is to volunteer in the schools. Another great way to be involved is to volunteer with the various committees and parent groups such as the Site Council, Booster Club or the Sheridan Education Foundation.

If you have any questions, please call me at 971-261-6959 or check out our website: www.sheridan.k12.or.us for the latest news about our schools.

Sincerely,
Steven Sugg

Assessment Test Results

Students in grades 3rd through 8th and 11th grade are tested in reading and math each year to determine progress toward state benchmarks. These tests measure the “things a student should know” by a grade level. The graphs below show the percentage of Sheridan School District students that have met state benchmarks over the last five years. It is important to note that state tests are a one-time snapshot used to assess how students are doing. State tests are used along with other assessment data to track student progress. The Oregon Department of Education utilizes the state test results to determine how successful a school district is in relationship to state averages.
