

# Sample School Mission / Vision Statements

From: [TheHelpfulProfessor.com](http://TheHelpfulProfessor.com)

Our vision is to empower students to acquire, demonstrate, articulate and value knowledge and skills that will support them, as life-long learners, to participate in and contribute to the global world and practice the core values of the school: respect, tolerance & inclusion, and excellence.

We believe that education should take place in a fully inclusive environment with equal opportunities for all and that all children should learn to value religious and cultural differences. Our school strives to be at the center of the local community with positive and effective links to the wider and global communities.

We are committed to recognizing the importance of communication and to encouraging dialogue among all constituencies; to promoting intellectual and social growth and development within the school community; to providing a safe, supportive setting so that students have the opportunity to explore and to clarify their own beliefs and values, to take risks, and to think and speak for themselves; and to recognizing and responding to individual and institutional prejudices, both overt and subtle, based on gender, race, religion, ethnicity, sexual orientation, socioeconomic status, age, and physical and mental ability.

We are dedicated to a continuing tradition of excellence in an ever-changing world. Within a safe and supportive environment, we provide a relevant, high-quality education and prepare our diverse student body for future endeavors. We honor achievement and promote pride in ourselves, in our school, and in our community.
