

Learning Materials Approval

Board Exhibit

May 6, 2025

Instructional Materials:

“Instructional Materials” are the learning materials adopted by the board for use by educators in the teaching of District DESK Standards for specific grade levels and courses. This does not include material used in concurrent enrollment, advanced placement, or international baccalaureate programs, or any other class with required material that is not subject to selection by the board. (4I-200 § 2.1).

1. None

Supplemental Materials:

“Supplemental Materials” means materials and resources used in addition to the instructional materials. (4I-200 § 3.1.) Please note that not all teachers will use these materials.

2. Supplemental Elementary Math Curriculum

PLEASE NOTE: A committee of parents and teachers participated in the adoption process. The committee chose Bridges due to its hands-on approach and support of the current adopted curriculum. Materials are still on the 2nd floor of the Kendell Building for the public to view. Two open houses are being held (April 17 and May 1, 2025).

3. Digital Software Requests:

PLEASE NOTE: Technical and Data Privacy Requirements have been met. Additionally, before the May 6 board meeting, all materials will go through the open house process on April 10th and 27th for the public to view and discuss. If concerns are shared about any of the materials, those concerns will be shared with the school board.
