

# Superintendent Goals 2013-14

# Superintendent Goals

- By June 2014 increase the percentage of students district wide meeting individual growth targets in reading from 57% in grades 3 through 8 and 11 to 70% or more. As measured by the OAKS Reading Assessment.
- By June 2014 increase the percentage of students district wide meeting individual growth targets in math from 44% in grades 3 through 8 and 11 to 70% or more. As measured by the OAKS Math Assessment.
- Create an atmosphere of trust and collaboration as measured by a positive response rate of 75% or more on a staff and board member survey at the end of the year.

# Strategies

- Provide strong professional development in the area of mathematics. We have contracted for 9 days of PD with SMC Curriculum.
- Provide professional development in effective teaching strategies. Provided by current staff and administrators.
- Provide support for effective interventions in both reading and math.
- Communicate clearly, openly and honestly with all staff and support the work of all staff.
