

# Portrait of a Mingus Union Graduate

## Innovative

Thinks critically and creatively to explore new ideas and develop original solutions to problems.

Approaches challenges with curiosity, flexibility and a willingness to take risks.

## Ethical

Demonstrates integrity in actions and decisions, treats others with respect and understanding, and upholds a strong sense of responsibility to serve and contribute to the greater good.

## Self-Sufficient

Takes ownership of learning and growth by setting goals, managing time effectively, and staying motivated through self-direction. Applies practical skills and informed decision-making in academic, personal and real-world responsibilities.

## Collaborative

Communicates effectively and respectfully with others, actively listens to all perspectives and contributes meaningfully while working toward shared goals.

## Resilient

Handles challenges with persistence, draws lessons from setbacks, and responds constructively to change.

## Engaged

Engages in service, takes initiative to support community needs and strives to make a positive impact.
