Re: Superintendents Board Report

Updates

- Legislation is making its way through the legislative process that would allow us to use additional literacy funding to help pay for all day kindergarten. This would be a very positive result for the district.
- Enrollment based funding instead of funding based on ADA is likely to pass this legislative session. The move to enrollment will be for two years while the state works on a new funding formula model.
- We're continuing to learn more about the state insurance option. It's still possible that some additional changes will take place in the next week at the legislature that will help us to know if we can make the move to the statewide insurance plan as a district this coming year or not.
- The COSSA levy passed with a combined approval rating of 61.8%. As a reminder, this is a 10-year levy.
