Hey Earl,

Thank you for the text back! Please see the attached drawings and quote for our first two options!

It is my personal opinion to place the equipment by the existing playground shown in option #1. Here are my thoughts for that:

- We can incorporate the new equipment with the existing
- There is much less sitework and preparation that would need to be done
- Contains all of the playing to one area instead of spread across the campground
- Option #2's location is closer to the forest / property line.
- Option #2's location could possibly interfere with the future parking lot expansion.

Please let me know if you have any questions!

Thank you,

Thomas Sinclair | Northern Michigan Sales Associate
