Description: On behalf of Paris and her mother, Shannon Crawford, I am requesting that [Paris Morris](#) is reclassified to senior status and is able to graduate from BPS this May, 2025.

As you will see from the supplemental materials attached, Paris will finish this school year with 20 credits, and will have completed all necessary requirements to graduate in BPS.

She is currently working two jobs, and has been financially independent for several years. Graduating this year would allow her to enroll at BCC this fall, after which she plans on transferring to SKC to study business agriculture.
