TEA State Accountability System includes **System Safeguards** which provides more specific data on the test results of sub groups of students. The student groups include: African American, Hispanic, White, Am Indian, Asian, Pacific Islander, Two or more races, Econ Disadvantage, Special Ed and ELL. The evaluation includes data for Math, Reading, Writing, Science, Social Studies and Special Education. Target rates are set at 50%.

Performance Based Monitoring Analysis System **(PBMAS)** state data includes an evaluation of NCLB, ESL, CTE and Special Education. PBMAS data includes passing rates on STAAR, graduation data, Sp Ed instructional settings, drop out data.

Federal Accountability System Safeguards **(AYP)** have target rates of 75% for data in Math and Reading only.

The Texas Accountability Intervention System **(TAIS)** process includes data analysis, needs assessment, development of targeted improvement plan, and monitoring. Each campus leadership team evaluated the data and developed strategies to increase student performance.
