Planning Division Comments:

Town Engineer Comments:

El Paso 9-1-1 District Comments:

~~Correct blocks in this unit #2 blocks already exist in Unit 1
This area is very difficult to address because of the curvatures on Eastlake, but if we keep for the area west of this subdivision in the 14300 range and change the addressing on this plat so that it terminates at the 14500 range, this will follow the plan to have the 14600 range begin just east of the intersection of Horizon Blvd and Eastlake Blvd. The area N/E of Eastlake is going to be difficult as we will need to contain the addressing as it eventually turns into the 14700 range east of Rifton. Attached are my recommendations. Please disregard the highlighting of Desert Rosemary. I was going to say that it could follow the addressing on Eastlake at the 14700 range, but that didn't seem like a good idea in the end. Please let me know if you have any questions or suggestions.~~
