

AGENDA ITEM

Subject: Review 2017-2018 Campus Handbooks.

Presentation: The individual campus student handbooks have been completely revised, reformatted and updated by district and campus administrators utilizing TASB's Model Student Handbook. We formerly used Eichelbaum Wardell Hansen Powell & Mehl, P.C.'s materials to meet the updated state laws and local policies, but we received an email stating that this service would no longer be available. Mrs. Boyd painstakingly reformatted the handbook and then collaborated with campus administrators on the items that were uniform across the District. Then they individualized them for elementary students, secondary students and for each campus. Handbooks for the 2017-2018 school year will be available at www.hillsboroisd.org and will also be printed upon request.
