FACILITIES DEPARTMENT

5622 Ray Ellison Drive :: San Antonio :: Texas :: 78242 :: (210) 977-7085 :: Fax (210) 977-7086

To: Dr. Alejandro M. Flores, Superintendent of Schools

From: Ruperto Becerra Jr., Director of Facilities

Date: 2/26/2019

Subject: Athens/Kazen Furniture

The following timeline impacted the tracking of Athens/Kazen furniture.

- Spring 2017 – Director of Facilities (Jesus Salazar) provided District staff a Letter of Instruction (see attached) to move furniture and supplies to new campuses before the 17-18 school year
- June 2, 2017 – Last day for teachers
- June 5, 2017 – First day to begin moving furniture
- August 10, 2017 – Teachers reported back to campus (all furniture and supplies moved)
- August 24, 2017 – Kazen and Athens opened up as shelters for evacuees impacted from Hurricane Harvey
 - Furniture was moved within the campus, as well as to the Fenfield Warehouse to make room for evacuees

Our practice is to dispose of District property by way of an auction if the property has value; if property is deemed not usable we take scrap metal to Monterrey Iron & Metal LTD. If an item is listed on an auction and no bids are received by end of the auction, the item is disposed of per Board policy CI (LOCAL) (see attached).

To date we have tracked the following inventory of furniture at Athens, Kazen, Post Office Warehouse, and Fenfield Warehouse (see attachment).

Assets are items with a useful life longer than one year and have a unit value of \$5,000 or more.

Equipment is not an asset if its purchase price is less than \$5,000.

Inventory generally represents goods which are insignificant when taken individually, but are significant when taken as a whole.

Furniture can be moved back is dependent upon excess furniture that remains in the campus's sending students back to the reopened campus.

Attached is the results of the most recent auctions.

Record of furniture or equipment that was at or moved from the campus is unknown.

SCHOOL PROPERTIES DISPOSAL

CI
(LOCAL)

The Superintendent or designee is authorized to declare District materials, equipment, and supplies to be unnecessary and shall dispose of unnecessary materials, equipment, and supplies for fair market value. If the unnecessary property has no value, the Superintendent or designee may dispose of such property according to administrative discretion.

Items obtained as federal surplus shall be managed according to federal regulations.
