RE: Family Resource and Preservation Agreement

Dear Dr. McCoy:

As you know, we have partnered with the Tupelo City School and Lee County School Districts for the past few years to provide family counseling for children and families in crisis. We believe this has been a successful partnership and has been a key factor in promoting healthy families in our area.

We would like to continue this partnership and request that the Tupelo City School District continue funding this program at a minimum of \$11,000.00. This would pay for 172 hours of counseling and would also allow us to bring in additional match funds to help support other programs we offer to all of the families in the City of Tupelo and Lee County.

If possible, we would also appreciate you considering payment of this money in a lump sum which we believe would cut down on the paperwork for all of us. We would still provide a monthly report stating the number of counseling sessions each month, but it would not be necessary for you to send us a check on a monthly basis.

It is a pleasure to work with the Tupelo Public School District and we sincerely thank you for your continuing support. Together, we can continue to invest in healthy families in our community.

Sincerely,

Christi Antillon Webb  
Executive Director
