June 2026 Consent Calendar

Regenerate School Based Mental Health Services

To: Board of Education
CC: Dr. Jay Morrow, Superintendent
From: Shannon Miller, Director of Curriculum and Instruction
Re: 2026-2027 Regenerate School Based Mental Health Contracted Service Agreement

United Township High School District #30 has engaged Regenerate Counseling for school-based mental health services over the preceding five years. The current proposal seeks to maintain the existing service levels at a monthly rate of \$6,000. As there is no associated cost increase, these services will continue to be financed through Schoolwide Title Funds. The administration recommends the continuation of this partnership for the 2026-2027 academic year. Consequently, we request that the Board of Education approve the 2026-2027 Regenerate Counseling contracted services agreement as part of the consent calendar. Please refer to the attached formal contract for a comprehensive specification of the services provided to our student body.
