3783	LAB-VOLT ROBOT SYSTEM WITH TOUCH PENDANT SERIES 5150 Advanced Technologies Consultants, Inc. Northville, MI	\$78,650.50

TO: The Board of Trustees

FROM: Interim District President Colleen Smith

DATE: January 27, 2015

SUBJECT: Recommendation for Reference 3783 – Sole Source purchase of a Lab-Volt Robot System with Touch Pendant Series 5150.

SCOPE: The Lab-Volt Robot System with Touch Pendant Series 5150 provides complete and affordable training in the programming and operation of industrial robots. Through the curriculum and hands-on experience with the Robot System, students learn to create automated work cells. This purchase is fully funded by the Dallas STEM Gateways – UTD grant.

RECOMMENDATION: Advanced Technologies Consultants, Inc. \$78,650.50
Northville, MI

JUSTIFICATION: Advanced Technology Consultants, Inc. is the exclusive distributor and service agent for Lab-Volt Systems, Inc. in the state of Texas.

REQUESTING DEPARTMENT: Engineering Technologies
