

Independent School District No. 51
FOLEY HIGH SCHOOL

"Developing the Full Potential of the Individual"

Joel Foss, Principal

Graduation

Graduation was held on May 30th in the high school gym. The ceremony was very well attended as the gym was full of people and excitement. The Band and Choir both sounded great, the speeches were well done by everyone. As a part of Graduation 53 local scholarships were awarded I want to publicly thank the Families and groups that give these scholarships to help our students make college just a little more affordable. Thank you board members for your attendance. Alyssa, thank you for the wonderful words to our Graduates.

Summer School

Credit recovery and ESY took place in the Intermediate school this year. ESY has already finished for the year, Thank You to the staff that stepped forward to make that happen. Credit Recovery has one more week. We have had a good number of students attending credit recovery, working to earn or finish credits from the school year.

Hiring Update

So far we have filled the AG position and a Social Studies position. We are still looking for a Science Teacher and a Special Education Teacher.

Veterans Memorial

Our 10th grade students visited the Veterans Memorial at the end of the year. Joe Kaproth talked with students about the memorial. He reported that our students were very respectful and polite. He has nothing but good things to say about our students. I would like to thank Joe and all the Legion members for their support of the school. They presented the colors at Graduation that is always a nice addition.

Citizen of the Year

Janel Hesch, the high school band director, was recently named citizen of the year and Grand Marshal of the Foley FunDays Parade. Ms. Hesch is a leader in all things performing arts in the Foley district. She directs two high school bands plus the Summer Marching Band. She also co-directs 3 plays throughout the school year. Thank You and congratulations Ms Hesch.
