**Summary/Background Information:**

The District issued Request for Qualifications RFQ # 2026-02 for Geotechnical Testing and Commissioning Services in support of the bond-funded high school site project. The RFQ was publicly advertised and evaluated in accordance with the published criteria. An evaluation committee reviewed all responsive submittals and ranked the firms based on qualifications, experience, and demonstrated ability to provide the required services. The highest-ranked firm is recommended for contract negotiation and subsequent Board approval of a professional services agreement.

**Administrative Recommendations:**

Based on those rankings, administration recommends that the Board of Trustees approve the selection of Terracon Consultants, Inc. as the highest-ranked firm for Geotechnical Testing and Commissioning Services from RFQ #2026-02 and authorize the Superintendent (or designee) to negotiate and execute a professional services agreement in a form acceptable to the District.
