2008. Phys Ed, Elementary	Katie Landhuis	Jaxon Heinz
2009. First Grade	Courtney Van Beek	Nicole Herrold
2010. Counselor, Elementary	Anne Plagge	

Progress with our Summer Projects

Our high school hallways are looking very good. Things are coming together. The following list shows the current status of individual projects:

- a) Temperature scanners are installed in both buildings.
- b) Rusting lockers in the west hall of the elementary are repainted.
- c) New televisions and projectors are mounted in the classrooms.
- d) The television for the new information system is installed in the high school student center.
- e) Most of the white boards have been hung in the high school classrooms.
- f) The weight room has been repainted.
- g) The two gymnasium floors have been refinished.
- h) The grass is looking good on playground areas.
- i) The football practice field received a lot of water, and it looks the best it ever has.
- j) Buildings have been thoroughly cleaned and are ready for occupancy.

Summer Meals

During the month of July, our summer food service team served 2,586 lunches and 2,586 breakfasts.

Getting ALC Classroom Approved

Architect Ed Wineinger is working with the fire marshal's office on improvements that need to be made to continue to house our Alternative Learning Center (ALC) in their present classroom. The fire marshal understands it is a small, low capacity program and indicates we should be able to make necessary changes—like adding a fire alarm system—for a reasonable cost.

Volleyball Coach Appointed

If the board has no objections, I plan to coach middle school volleyball this year. I want to connect more closely with some of our students, and I want to be an active participant in facing this pandemic viral threat.

Calendar of Upcoming Board Events
