Re: CTE Classroom Computer Labs Replacements

I would like an opportunity to share with the Board of Education the recommendation to purchase laptop computers, desktop computers, charging carts, and related classroom computer lab furniture from CDW-G for specific Career Technical Education classrooms at Franklin High School and the Livonia Career Technical Center (LCTC). The total amount is \$188,930.59 and will be funded through a combination CTE "Added Cost" funding and CTE Perkins Grant funds. The quotes from CDW-G are attached to this memo.

Please add this request to the agenda of the Wednesday, December 9, 2020 Committee of the Whole meeting. Thank you
