

Action Item E.2.a

Contract Agreement with Chartwells

Background: MISD is considering contracting out cafeteria services for the 15/16 school year. This would be the first step in that process. We would contract with Chartwells for a 16 week time period for the 14/15 school year. These 16 weeks would completely train all of our cafeteria staff in all areas of cafeteria management. This period of time would also let us evaluate the program to see if moving the cafeteria out of our control is actually the best move to make for the district.

Recommendation: This agenda item is to meet competitive bidding laws of the State of Texas as well as securing the best contract for the school district.

Sample Motion:

“I move the approval of a 16 week contract with Chartwells starting 12/1/2014 and ending 4/10/15.”
