The Board of Trustees, Dr. Jamie Wilson, Superintendent Scott Niven, Chief Financial Officer Denton Independent School District 1307 North Locust Denton, Texas 76201

RE: Property Tax Attorney Activity Report for Tax Year 2019-2020

Dear Members of the Board, Superintendent Wilson and Mr. Niven:

This has been a year filled with unique challenges in so many ways, property tax enforcement included. As you may recall, our firm took the initiative early on in the pandemic to cease new lawsuit filings or foreclosures for the time being so as not to overly burden property owners in the District during this extremely uncertain time. We have since initiated resumption of legal processing of commercial accounts, as well as those accounts that were already delinquent and in litigation before the COVID-19 crisis began. We still are not enforcing any judgments by foreclosure against residential homestead accounts. Of course, we will welcome any direction, suggestions or questions you may have about those property taxes and collections. I can say, however, that to date, very little overall impact to tax collections has yet occurred comparing this year to prior ones. The timing of the worst of this health crisis, however, could not have been better insofar as potential impact to tax collections generally is concerned. This may change as current-year (2020) tax statements are just now being sent and received. The vast amount of collections occurs between October 1 and January 31 each tax year.

Although uncertainty abounds for the upcoming tax year, this report will show that DISD has thus far avoided a major drop off in property tax collections. For example, for the eighth year running, the current year delinquent tax (2019) collection rate exceeded 99%, at **99.62%** this year. In fact, this percentage is an all-time high for the District, beating out 2017-2018 (at 99.60%)! The total amount now outstanding out of an original 2019 levy of \$286,482,348 stands at only \$1,095,643.

The collections rate for 2018 and prior tax years stands at 33.32%. Once again, a large number of taxpayers continue to take advantage of the "over-65 deferral/abatement" provided as a taxpayer relief measure under the Texas Property Tax Code. These alone comprise over 28% (\$841,665) of the entire pre-2019 delinquency roll and are exempt from any legal action until taken out of that status by action of

the taxpayer. Only reduced interest and no penalties are assessed accounts with a tax deferral, and such a deferral can extend indefinitely. Also, tax accounts added or modified by the Denton Central Appraisal District resulting in a new, later delinquency date are not subject to collections activity until statutory grace periods pass. These accounts comprise another 18% of the entire delinquency roll. In each of these instances, the taxes involved appear in the reports as "delinquent" but in fact are not. These two categories comprise nearly half the 2018 and prior years "delinquent" tax roll we have to work with, which distorts the collections statistics in a significant way.

In addition to the deferrals, abatements and alternate delinquency date accounts, other categories of temporarily or permanently uncollectable accounts include vacated businesses, mobile homes that have been removed and bankruptcies. Adding these uncollectable and filed bankruptcy accounts (which total another \$450,391) to the abatements and different delinquency date accounts comes up to a total of \$1,827,786 of the total \$3,004,197 due. This means that <u>60.90%</u> of the entire balance of the 2018 and prior delinquency roll for DISD cannot be actively enforced for collection.

DISD also continues to experience an extraordinarily high level of refunds paid back to taxpayers by the Denton County Tax Office for DISD. In 2014, the total refunds hit what was then a new high of \$707,361. To put in perspective, ten years ago this same refund total was only at \$195,000. Last year, that sum hit \$2,840,912. This year total refunds again hit an all-time high of \$3,359,770! Refunds are deducted from the "paid" totals, which payments were often induced by our activities working for you. This further also tends to skew the year-end performance outcome indicators. We receive no explanations for refunds from the Tax Office, although I believe the District must approve refunds over certain dollar amounts (but for refunds falling into other categories of reimbursement not requiring such approval, such as DCAD-ordered deletions, court removal of taxes, etc.).

The last several years I pointed out another significant occurrence in tax assessment for the District in the form of Denton County Tax Office "Adjustments" to the tax roll. These are generally supplements and deletions due primarily to Appraisal District action. Although accounts subject to positive "Adjustments" to the delinquent tax roll may end up as delinquent, they start as legally current and nearly all pay before actual delinquency and turnover to our firm. The last eight years of "Adjustments" are as follows: at year end 2012 \$1,132,576; 2013 \$4,329,998; 2014 \$2,837,169; 2015 \$4,178,021; 2016 \$2,167,542; 2017 \$9,789.764; 2018 \$7,232,299; 2019 \$9,181,906; and 2020 \$6,649,899. DCAD "Supplements" are often rollback taxes or omitted property being added to the roll. This represents another qualifier to true "delinquency" figures depending on when they were added to the roll.

21

As is customary with this report, we are enclosing our office's unique breakdown of delinquent taxes splitting out current-year delinquent 2019 taxes from 2018 and prior year taxes due, allocated by collections activity. Also enclosed is our "TWENTY-SIX YEAR COLLECTION HISTORY" (which includes several years before Sawko & Burroughs, P.C. represented the District), to provide a more complete picture of this past year's collections totals compared with previous collection years.

The great majority of assailable accounts after a few months of turn over to our firm have had specific legal processing undertaken. The following identifies the associated status of legal enforcement activities (this synopsizes several detailed reports enclosed herewith):

The Board of Trustees Jamie Wilson Scott Niven Page Three October 16. 2020

Bankrupt (wherein we represent DISD):	\$ 50,895	\$ 21,683

Awaiting legal action:	\$419,821	\$ 490,452*
Total	\$3,004,197	\$1,100,705

*These 2019 accounts were primarily turned over to us for collections enforcement after July 1, 2020

As we have noted in the past, a relevant fact about your prior-year taxes is that half (approximately \$1.4 million) of those accounts are personal property (and mobile home) taxes. The great majority of those remaining personal property accounts are actually uncollectable due to business closure, bankruptcy, move-out, passage of statute of limitations, etc. At the same time, for current-year delinquent 2019 taxes still unpaid, 80% are real property accounts (\$845,497 of a total \$1,100,705), which are almost always eventually collectable.

It bears repeating that we are extremely proud to serve the Denton Independent School District, and you are <u>very</u> important to us as a client. We are always at your disposal to answer your questions or concerns and to accept your direction as to how to serve you and the District better. Due to the inherent uncertainty that confronts DISD (and every local governmental entity) due to the pandemic, you may have particular questions as to potential impact to the District's tax collections going forward that we may be able to provide our perspective upon. Just let us know!

As always, thank you very much for your service to the School District, to our children and to the community.

Sincerely,

SAWKO & BURROUGHS, P.C.
