District Curriculum Standards/Outcomes/Building Goals addressed through this proposed field trip:

To challenge JROTC Raiders Team physically and mentally. Supporting program leadership goals and challenging individual boundaries. The competitions include 40 JROTC programs from across the nation.

The outcome of competing at the National JROTC Fitness Challenge Championship is to continue to foster physical and mental development in an unfamiliar environment which supports the Army JROTC mission of “motivating young people to be better citizens.” In preparation for the event, cadets on the Raiders Team will be conducting event planning, creating and executing a pre-competition physical training plan. We look forward to representing the Lumberjacks on the national stage.
