Denton Creek Elementary Title 1 Program

According to the Division of No Child Left Behind Program Coordination, a school requesting to move from a targeted assistance program to a schoolwide program must complete an Ed-Flex Schoolwide Eligibility Waiver, publicize the request and receive comments on the request.

Denton Creek Elementary is requesting an Ed-Flex Schoolwide Eligibility Waiver. The purpose of the waiver is to change the Title 1 status of Denton Creek Elementary from a targeted assistance campus to a schoolwide title 1 campus. Targeted Assistance Title 1 Campuses can only serve students who are identified as at-risk. Schoolwide Title 1 Campuses can serve all students.

To be eligible for the waiver, Denton Creek Elementary has completed the following tasks:

- Planned and aligned the ten components of the Title 1, Part A Schoolwide program with the Campus Improvement Plan during the 2012-2013 school year;
- Trained campus site-based management team by a Region 10 Technical Assistance Provider on the ten components of a Title 1, Part A Schoolwide program;
- Identified the targeted goals for the 2013-2014 Campus Improvement Plan; and
- Established a completion date for the 2013-2014 Campus Improvement Plan.

The 2013-2014 Ed-Flex Schoolwide Eligibility Waiver for Denton Creek Elementary is submitted for public notice, your feedback and approval.
