

MAINTENANCE REPORT
APRIL 2023

Submitted by: Reid Reagan

Maintenance staff has been busy patching roof leaks, cleaning roof drains. Assist State of Mt Fire Marshal with fire inspections and Hartford steam boilers (insurance) with boiler inspections at the schools. Respond to 89 work orders, all repairs or service calls.

BHS:

Assist in the setup/teardown of Prom decorations, hang lights, and setup spot lights. Install new 10' extensions on the standing seams of the gym roof. Install new work stations in the art/pottery classroom. Install new scoreboard at the softball field; dig footings, set I-beams, pour concrete, hang scoreboard and dig trench to power source, lay power cable and backfill.

BMS:

Reattach cove base trim around the school. Install supports under the door thresholds leading to and from the gym.

NAPI:

Repair (2) ovens in kitchen, not heating up to temperature, restored.

BES:

Assist in the setup/teardown of Blackfeet Early Childhood Center mini pow-wow. Unload 3 pellets of dry goods to the Parent and Community Outreach Program.

WBH:

Respond to cold classroom, replace flame sensor, ignitor and clean pressure switch, heat restored.

BABB:

Installed (2) new actuator dampers, to work with air handlers.
