

DUNCANVILLE ISD

Writing success stories, one student at a time.

TO: Duncanville ISD School Board

FROM: Dr. T. Lamar Goree

ORIGINATOR: Dr. Sam Nix, Chris Malone

DATE: February 16, 2026

SUBJECT: Purchase of Eduphoria

Executive Summary: Eduphoria

Duncanville ISD is proposing the purchase of Eduphoria as a replacement for a current software system that is no longer meeting the district's needs. Eduphoria is a comprehensive platform designed to support student growth initiatives, data-informed curriculum development, and robust data analysis.

The system includes a powerful assessment module that supports multiple assessment types, online testing, and post-assessment activities to better address student needs. Eduphoria also provides a strong staff evaluation component, professional growth tools, and collaborative planning features that help ensure instructional alignment across the district.

Additionally, Eduphoria offers an extensive module that assists district leaders in compiling and managing data required for the Teacher Incentive Allotment (TIA) as outlined by TEA.

This purchase will be funded through the local Technology budget and will include full implementation support and licensing through June. After that, the district will move to an annual licensing-only renewal. With the replacement of the current software in July, the result will be a near direct budget exchange.
