Regard: Innovative Course Approval

Date: September 8, 2025

BACKGROUND

With the approval of the local board of trustees, school districts and charter schools may offer any state-approved innovative course for state elective credit only. A district does not need to apply to the agency to offer an approved innovative course. Innovative courses are approved to meet certain endorsement requirements on the Foundation High School Program.

ADMINISTRATIVE RECOMMENDATION

Administration recommends the board approve the offering of the Innovative Courses found on the attached pages as elective credits at Big Spring High School.
