Dear Joel,

Thank you for the donation, of a case of safety glasses, to the United Township Area Career Center. As Director of the ACC, I appreciate you and your team's support of the students who are training and exploring careers at the ACC.

In all of our ACC's programs we strive to provide learning experiences that are as authentic as possible. In many instances this will require students to purchase personal protection equipment. This donation will allow us to remove a barrier for students, by providing safety glasses free of charge to students that might not be able to afford them. In turn, those students will now have the opportunity to participate in lab experiences, without the stress of trying to find or purchase the proper PPE. These experiences are a critical component of the student's learning and could not be possible without the support of individuals, teams, and companies like Johnson Contracting.

Again, thank you for your support of the United Township Area Career Center.

Gratefully,

James Hood
Director
