

Board of Trustees Agenda Item

Date of Board Meeting: 2-15-2022

Subject: Developmental Math Faculty

**Recommendation:** Approve New Position (Temporary to Regular Full-Time)

## **Background and Rationale:**

The request is to change the Temporary Full-Time (TFT) Developmental Math instructor to a Regular Full-Time instructor by approving a new positon. The developmental math department has been seeking additional daytime, part-time adjunct instructors since Fall 2019. Since the department has not been able to obtain any additional qualified day-time adjunct instructors, a Temporary Full-Time (TFT) Developmental Math Instructor has been employed since Fall 2019, with annual renewals of the temporary contract to meet student demand for developmental math courses. Although college enrollment overall has declined, enrollment in developmental math has not significantly changed and is not anticipated to decrease. Hence, this full-time position is still needed.
