Board of Education

To our Waunakee Community School District staff,

As we mark American Education Week, November 17–21, 2025, please know what you do matters. Public education is a promise we make to every child, and you keep that promise with consistency, skill, and heart.

We value the way you honor what's worked for generations while adapting to what students need now. Expectations are high, resources are tight, and student needs keep changing. Still, you show up—steady, prepared, and focused on kids.

Thank you to every role that makes learning possible:

- Teachers - designing learning that challenges and supports every student.
- Specialists and Student Services (counselors, psychologists, social workers, nurses, therapists) - attending to student wellness so learning can happen.
- Paraeducators - standing shoulder-to-shoulder with students and teachers to build skills and confidence.
- Administrative Assistants and School Office Teams - keeping families informed and our buildings running smoothly.
- Custodial, Maintenance, and Grounds - safe, clean, reliable spaces that say “you belong here.”
- Food Service (Taher) - nutritious meals that fuel growing minds and bodies.
- Transportation and Crossing Guards - safe, welcoming, calm starts and ends to the school day.
- Information Technology (IT) and Library/Media - reliable tech, resources, and guidance that open doors to knowledge.
- Coaches, Advisors, and Activity Staff - expanding character, leadership, and belonging beyond the bell.
- Administrators - steady leadership, clear expectations, and support for staff and students.

- Substitutes and Volunteers - stepping in so learning doesn't stop.

Because of your exceptional professionalism and unlimited care, students learn, achieve, and grow into the best versions of themselves. That's the outcome, and you make it happen.

On behalf of the Waunakee Community School District Board of Education, thank you for honoring our traditions, for raising the bar, and for never losing sight of why we're here. We're proud of you, and we're with you.

With gratitude,
Waunakee Community School District Board of Education

Joan Ensign, President
Dawn Heinrich, Vice President
Carly Eaton, Clerk
Mark Hetzel, Treasurer
Ted Frey, Director
Heather Murray, Director
Chris Sonne, Director
