

Professional Development Year End Report 2015

Professional Development opportunities are selected to address student achievement deficiencies, innovative instructional design, improving teacher quality and compliance.

Professional Development at SD 150 is funded from two sources. The district receives \$20,500.00 from federal Title II Improving Teacher Quality. From these funds, the District pays for administration of the funds, professional development credits, district-wide needs, and individual mini-grants. The mini-grants are a long standing means of Professional Development the District uses to focus on pockets of necessary, flexible, and diverse Professional Development needs. In addition, the District receives approximately \$30,000.00 from a newly (2014-2015) created SDE budget item. From these funds, each building is designated \$10,000.00 to be used at the building level for professional development designed to address professional development need customized to each level.

Professional Development Budget

Improving Teacher Quality Title II A				\$ 19,941.00	
	(65) Mini-Grants			\$ 13,000.00	
	Supplies and Books			\$ 1,000.00	
	(50) Credit reimbursements @ \$50.00			\$ 2,500.00	
	*limit 6 in 5 year period				
	Title IIA Administration			\$ 4,000.00	*100 Fund split
				\$ 20,500.00	
	<i>Note: Need \$20K for each teacher to have 2 full days.</i>				
<hr/>					
SafeSchool Trainings					
	Money for group Trainings Mini Grants (266)			\$4,000.00	*100 Fund
	Minigrants for 1 hour group safety training				
	80 hours total per building @15.00/hr				
	Could probably get several modules in 1 hour				
	<i>Certified staff only classified would be paid hourly rate by admin approval</i>				
	Will be used for mini-grants or building level if not				
	needed for Safeschool Trainings				
Building Level Professional Development				\$30,000.00	*SDE
				\$ 54,500.00	Total

Professional Development Year End Report | 2015

The district participates in SafeSchools which is an online safety program provided by the insurance company. SafeSchools provides online training modules on a variety of topics ranging from social issues and boundaries, to fall prevention and chemical storage. This service is free. Training can be provided for the entire staff, for remediation efforts, or by staff category. Fall 2015, the District will begin to use SafeSchools Policy component where staff will be assigned pertinent district policy for review. The program keeps track of compliance.

SAFESCHOOLS September-April

Job	Course	Due Date	# Completed	# Not Completed	% Compliant
Soda Springs Joint School District Employees	 Online Safety: What Every Educator Needs to Know	2014-12-19	110	41	72.85%
