

School Board Meeting/Workshop:

May 13, 2019

Subject:

Music Curriculum Adoption Proposal

Presenters:

**Pam Miller, Director
Teaching and Learning
Music Teacher Representatives**

SUGGESTED SCHOOL BOARD ACTION:

Report only. No recommended action at this time. Action will be taken at the May 28, 2019 school board meeting.

DESCRIPTION:

The K-12 Music staff have engaged in the district Continuous Improvement Process (CIP) review tasks over the past two years in the RESEARCH and PILOT phases. They have been active in activities that have included:

- development of a program goal to guide the selection of resources and to formulate the vision for instructional delivery
- review of state standards
- investigation of technology tools to enhance student learning
- discussions of preferred resources and development of resource scenarios
- consensus-building to reach recommendation decisions

These CIP tasks have now culminated into the Music Curriculum Adoption Proposal (CAP) Report being presented to you for review at this time. The recommendations included here provide excellent student opportunities that align with the goals of the standards, as well as the program vision.

This review process has allowed an opportunity for our Music teachers to reflect upon the future learning experiences desired for BHM students.

Upon completing the review process, the team is bringing forth recommendations for consideration within their CAP report. With these needs and desired goals, of course, comes a commitment of purchase for instructional resources in order to meet these needs and goals. Given the district's current budget situation, we are recommending the purchase approval of only the Priority 1 requests.

Preliminary budget figures are listed below.

<u>Program</u>	<u>Budget Request (Priority 1 only)</u>
K-5	\$ 77,100
BCMS	\$ 34,681
BHS	\$ 45,700
Total	\$157,481

The Music CAP Report was presented to the District Teaching & Learning Council on May 9th, 2019, and the Community Teaching & Learning Councils on May 10th, 2019. Teachers representing each level will be presenting this information at Monday's board workshop and we will be available to respond to any questions you may have about the process or the resources within the recommendation.
