SUGGESTED SCHOOL BOARD ACTION:

Board action is required for the final reading of revised policies.

DESCRIPTION:

A goal of the Human Resource Department is to work with other departments and the Superintendent's Office to ensure all district policies and procedures are reviewed in the next two years. This includes revising current policies and procedures to auditing required policies for compliance.

Final Reading of a Revised Policy (Board Action Required)

The following revised policies are being presented to the School Board for final reading:

- Policy # 524 – Internet Acceptable Use & Safety Policy
 Mandatory Policy
Brief Description: The Internet Acceptable Use & Safety Policy is a required policy.

Based on feedback and clarification from MSBA, a revision has been made since the first reading. Under V. Unacceptable Uses, B. it stated, "In situations when the school district receives a report of an unacceptable use originating from a non-school computer or resource, the school district **shall** investigate such reports to the best of its ability." The word "shall" has been replaced with the word "may". It now reads, "In situations when the school district receives a report of an unacceptable use originating from a non-school computer or resource, the school district **may** investigate such reports to the best of its ability."

- Policy # 506 – Student Discipline
 Mandatory Policy
Brief Description:
The Student Discipline Policy is a required policy.

Based on feedback from the School Board, a revision has been made since the first reading. Repeated information was deleted from Letters A and F under V. Student Responsibilities.
