Background Information

MDE has returned GCED's LTFM plan for revisions relating to gender neutral bathrooms. GCED had funds set aside for bathrooms in the original plan but did not include the required narrative with the plan. Upon further review, it was determined that they currently have enough gender-neutral bathrooms to meet the statute requirements. MDE will process this as a mid-year revision. This revision was discussed at the September Superintendent Meeting and approved by the GCED board the last week of September.

Recommendation

I move to approve the Resolution Approving School District No. 6051 Revised Long-Term Facility Maintenance Ten-Year Plan and application materials for the Pay 2024 levy certification.
