Campus Connection Committee Purpose

The Superintendent's Campus Connection Committee listens to anonymous concerns from faculty across all GCCISD campuses which are collected and synthesized by each campus' faculty representative.

Our committee is responsible for brainstorming, voting on, and spending allocated funds for campus and district community improvements each fiscal year.

Historic Committee Projects

In the past, the committee has allocated their funding for the following projects:

- 2024-25: Smart Hall Pass programs
- 2023-24: District Tailgate at the Baytown Nature Center
- 2022-23: Teacher gift boxes at 2023 Convocation

In 2018-19: Classroom window covers for school safety was addressed through the committee as well.

Teacher Concerns & Committee

Focus for the 2025-2026 School Year

This year, our committee's main concerns included:

- General campus safety
- Student behavior
- Teacher retention

2025-26 Fund Allocation Vote

Our target this year was to vote on allocating \$50,000 of committee-specific funds. Three main ideas emerged from the poll:

- Lack of uniform door lock installation on older GCCISD campuses
- Student-led Safety Coalition incentives and field trips
- Retiring teacher attendance incentives

Campus and classroom egress is always a top priority, and the committee decided that increasing door security was paramount in maintaining staff and student safety during the school day.
