Board Members,

Oki! The month of October seemed to zoom by. They say that if you are having fun that happens. Mrs. A. and I have a wonderful time doing our jobs!

We have been very busy here at Big Sky. The Babb students and staff made a trip here to Big Sky to learn about their neighbors, the Hutterites. Later in the month we had 50+ students (4 & 5) year olds from Browning pre-school. Now, that was a busy day! Our German teacher made sure that each child had their own pumpkin.

The students had a fun and safe Halloween. The end of the first quarter will bring our parent/teacher conferences. These are very important ingredient in a child's education. It also tells the child that his parents care about him/her and the work they do.

A big thanks goes out to those who help us with our responsibilities!

Krista Andersen
Big Sky Elementary
