

O.H. Anderson Equity and Innovation

Mahtomedi School Board Presentation
Thursday, Jan. 4th, 2018

Learning Targets

- We will have a shared understanding of some of the strategies and resources to support the work of equitable instructional practices and an inclusive school community
- We will have a shared understanding of how we are fostering innovation and creativity through a Media Center Maker Space

Equity

- Student-centered instructional strategies and equitable learning environments
 - Group work / practices
 - All voices heard
 - Talking Stick
 - Talking Tokens
 - Task Cards

Equity-Second Step

A researched-based curriculum to explicitly teach and practice social-emotional competencies

- All students grades 3-5
- 15-20 Lessons per grade level
- Aligns with social-emotional standards

Second Step Lessons/Concepts

Accepting Differences

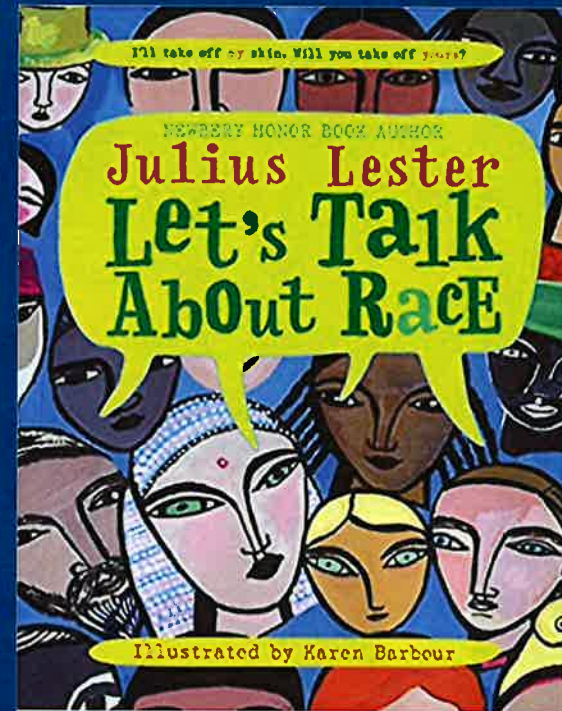

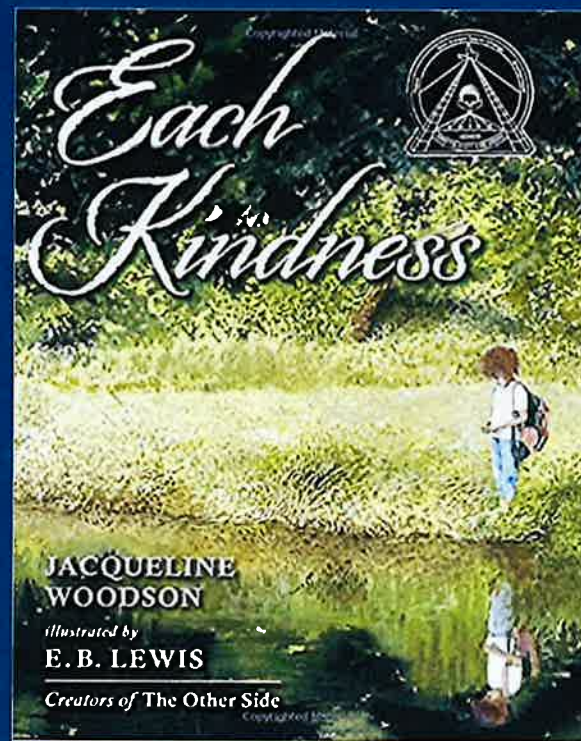

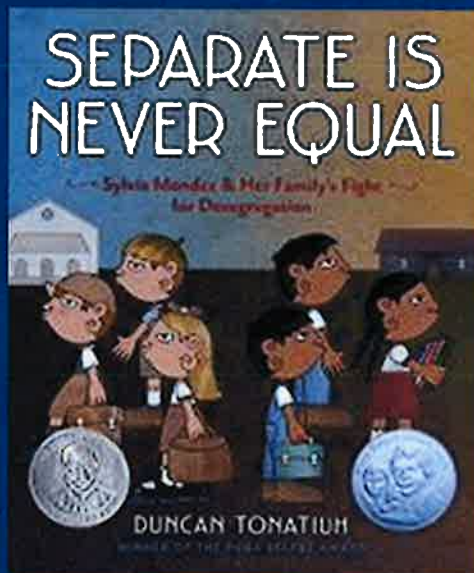

- Having Empathy
- Accepting Differences
- Predict how others may feel when teased for being different

Showing Compassion

- Using kind words and actions

Equity-Diversity Lessons

Innovation-Imagine, Creativity, Critical Thinking

Discovery and the joy of learning...

Codeybots are robotic tools that support imagination, creativity, and critical thinking skills.

Discovering speech recognition
