Board Superintendent Expectations

In your blue folders all year but attached to the item in the agenda are the current set of Board and Superintendent Expectations. If there is a reason to change or alter these expectations, I would welcome that discussion at this time.

Finance Committee of the Whole

On Monday, September 9 at 6:00 p.m., there will be a special meeting of the Board of Education to review the completed summer work with a tour led by Mr. Rosales. The tour will begin at Erickson Elementary at 6:00 p.m. and will move through each building, ending at the District Office. At that time, Ms. Varhalla will lead a more detailed overview of the Proposed FY2025 Budget with opportunities for questions. The agenda will be posted on Thursday, September 5 and there will not be a webinar for this meeting.

Board Calendar

Attached is an updated 2024-2025 Board Calendar beginning with the month of August. This is designed to give you an idea of upcoming items that will be addressed at future business meetings and other events of importance. I will update this again in December for the upcoming 2025 calendar year.
