# Technology Plan Update

Presented by Dr. Dave Palzet

### Current Progress

### Student Learning:

Advance student academic success by embedding best practices in all curricular areas.

1.Pilot a 1:1 device program at each of our schools.

2. Provide students with the necessary tools to engage in C4 Learning.

3. Provide students with real-world learning experiences.

4. Select a Learning Management System that will enhance student learning.

### **Effective Teaching:**

### Integrate C4 Learning into daily practices.

### Resources Teaching: Provide student

and staff the

resources to support

our school community.

1. Provide PD on the C4 (Communication, Critical Thinking, Collaboration, and Creativity)

classroom.

2. Implement the SAMR (substitution,

redefinition) model of teaching into our classrooms. the curriculum; meeting the needs and interests of

3. Implement a PD series on differentiating instruction in the C4 Learning

for Teaching: augmentation, modification, and

Utilize tools that permits learners to engage in collaborative work.

Support

1. Identify online teaching resources to support classroom instruction.

2. Develop materials (e.g. acceptable use policy, how-to guides, etc.) to support C4 Learning.

3. Mentor, model, train, and coach educators to infuse C4 Learning into daily practice.

4. Provide parents support for managing devices at

- 1. Create a professional development plan that focuses on C4 Learning skills.
- 2. Clearly communicate the Learning Plan to all stakeholders and how it will enhance student learning.

3. Develop a financially sustainable funding

structure for a 1:1 program. 4. Implement a device replacement cycle.

5. Improve wifi infrastructure.

### Student Learning:

Advance student academic success by embedding best practices in all curricular areas.

- 1.Pilot a 1:1 device program at each of our schools.
- 2. Provide students with the necessary tools to engage in C<sup>4</sup> Learning.
- 3. Provide students with real-world learning experiences.
- 4. Select a Learning Management System that will enhance student learning.

### Support for Teaching:

Utilize tools that permits learners to engage in collaborative work.

- 1. Create a professional development plan that focuses on C<sup>4</sup> Learning skills.
- 2. Clearly communicate the Learning Plan to all stakeholders and how it will enhance student learning.
- 3. Develop a financially sustainable funding structure for a 1:1 program.
- 4. Implement a device replacement cycle.
- 5. Improve wifi infrastructure.

Resources
for
Teaching:
Provide student
and staff the
resources to support
the curriculum; meeting
the needs and interests of
our school community.

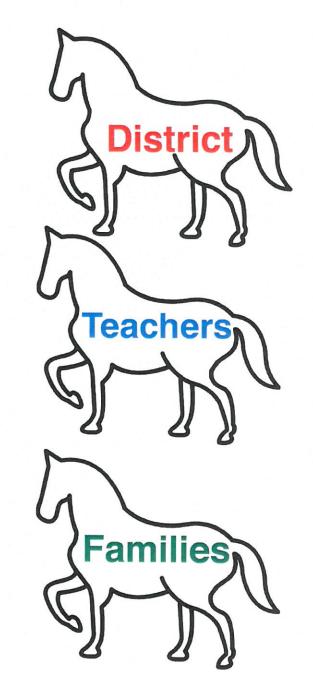

- 1. Identify online teaching resources to support classroom instruction.
- 2. Develop materials (e.g. acceptable use policy, how-to guides, etc.) to support C<sup>4</sup> Learning.
- 3. Mentor, model, train, and coach educators to infuse C<sup>4</sup> Learning into daily practice.
- 4. Provide parents support for managing devices at home.

### **Effective Teaching:**

Integrate C<sup>4</sup> Learning into daily practices.

- Provide PD on the C<sup>4</sup> (Communication, Critical Thinking, Collaboration, and Creativity)
  - 2. Implement the SAMR (substitution, augmentation, modification, and redefinition) model of teaching into our classrooms.
    - 3. Implement a PD series on differentiating instruction in the C<sup>4</sup> Learning classroom.

### Creating A Sustainable Model

### Creating A Sustainable Model

Kindergarten	\$90.00	
1st Grade	\$90.00	
2nd Grade	\$90.00	
3rd Grade	\$155.00	
4th Grade	\$155.00	
5th Grade	\$155.00	
	Dung	

	Buy	Rent	Bring
6th Grade	\$180.00	\$100.00	\$50.00
7th Grade	\$180.00	\$100.00	\$50.00
8th Grade	\$180.00	\$100.00	\$50.00
TOTAL	\$540.00	\$300.00	\$150.00

Without some goals and some efforts to reach it, no man can live.

-John Dewey
