Basic information:
Establish a lifecycle replacement schedule for technology hardware for both staff and students.
Background or historical information:
Technology becomes obsolete quickly and must be replaced on a regular schedule to maintain compatibility and security compliance. Some devices reach the end of their useful life earlier than others, so a re-evaluation process has been added to see if devices can possibly be extended or require replacement.
Previous decisions, actions or parameters that relate to this topic or issue: (Options) 3 options
Schedule established re-evaluation process and replace as necessary. Just replace devices at scheduled intervals.
Recommendations: (Recommendations) and (Evaluate)
Schedule established re-evaluation process and replace as necessary.
