

FACILITY WALK-THROUGH TO DETERMINE NEEDS/PROJECTS THROUGHOUT THE DISTRICT

Action Item:

This agenda item shall allow the Board members to visit the campuses as a group and to discuss the facilities and/or recent projects.

Recommendation:

After convening, I suggest we visit the District campuses/facilities and allow everyone to look at anything you may have an interest in seeing. (I will provide a tentative list that has been compiled through input from administrators. This list includes “wants and needs”, which I understand will need to be considered, discussed, and prioritized, as appropriate).
